Documentation

Docs that reflect reality

The editor guide now says Cline and Zed.

Keyblind
02 / 07

The commit

Tiny, but it closes the loop on the Cline + Zed feature.
keyblind.devblind AI to your keys

Keyblind
03 / 07

The rule

A feature isn't shipped until the docs say so.

Why devs care
They check the README before they check the source.
keyblind.devblind AI to your keys

The gap

Stale docs silently cost you users even when the code works.

Keyblind
06 / 07

The habit

Doc updates land in the same PR as the feature, not later.

keyblind.devblind AI to your keys

The result

README, editor guide, and code all agree.
